Tom (and cc's):

Please find attached my first draft of the questions based on what I heard initially/briefly from some of you and by looking at the 10/1/14 draft agenda (latest I received). Please read/edit to add/change or delete. I have also attached a copy of the agenda I received from OST.

Phil and Dave are out but I have cc: them as a courtesy. I did talk to Phil Zahreddine today and he told me to coordinate with Raphael (MSD) since Bonnie is out of the country.

Thanks all. I will send a meeting for us to chat and refine the list to send it to OST and depending on their answers and our comfort with those answers we can decide if we still need a meeting or further information from them. OST is currently very busy with their reg agenda and has asked that we work our concerns out through providing questions to their staff contact (Trish Rider).
